

TERMS AND CONDITIONS FOR BONUS ACCUMULATION

A-Katsastus Oy's consumer customers can earn S Group Bonus points in accordance with the rules of the S Group's customer-owner system and these partner-specific rules.

Who can earn Bonus points?

Bonus points can be earned by customer-owners of all cooperative stores and private individuals belonging to a customer-owner household (hereinafter "Customer-Owner"). Bonus points are paid to the primary member of the customer-owner household.

At which A-Katsastus Oy locations can Bonus points be earned?

Bonus points are awarded for purchases made by private households when payment is made at the store's checkout during a visit and an S-Etukortti is used at the store's payment terminal. To earn the Bonus, the person must identify themselves as a Customer-Owner by using their S-Etukortti at the payment terminal at an A-Katsastus Oy's station Varkaus-Käsityökatu (the S-Etukortti is personal).

You can earn Bonus points on the products and services described in the section below when purchased at an A-Katsastus Varkaus-Käsityökatu location.

Where do you earn Bonus points?

Bonus points are earned on the following household purchases:

- *Periodic inspections of cars and vans, statutory measurements, car accessories and condition tests and BG Carbon Deposit removal service paid for at A-Katsastus service location in Varkaus-Käsityökatu.*

The following purchases do not earn Bonus points:

- *Bonus points are not earned on registration or insurance services, or on inspections paid for in advance via A-Katsastus website. Services paid by invoice*

How is the Bonus calculated and paid?

Bonus is calculated according to the customer-owner's own cooperative's current standard bonus table. The customer can check the bonus table on their cooperative's page at www.s-etukortti.fi/bonus/bonustaulukot. The bonus percentage is determined based on the total bonus-eligible purchases made by the customer-owner's household during the calendar month.

The amount of the member's purchases that qualify for the Bonus is recorded as a Bonus purchase for the payment month. For example, if a member pays for a product and/or service that qualifies for the Bonus in February, the Bonus is recorded as a February Bonus purchase and paid on March 10.

You can check the registration of your Bonus purchase in S-mobiili (in the Bonus Purchases section) or on S-Etukortti.fi. The Bonus for all Bonus purchases made by the customer-owner household is paid to the primary member of the household by the 10th of the month following the month in which the Bonus was registered.

Customer Information and Data Protection

In order to earn Bonus points from purchases, SOK and A-Katsastus Oy need to process the customer's personal data. In order for the accumulated Bonus to be calculated and allocated to the account selected by the customer at S-Bank, NN Oy will provide SOK with the euro amount of the customer-owner's purchases that accrue Bonus, to be recorded in the S Group's customer-owner and customer register as the customer's Bonus purchases.

The customer is responsible for the accuracy of the information provided. A-Katsastus Oy, SOK, or the cooperative are not obligated to retroactively credit any Bonus points that were not earned due to incorrect or missing information.

Other Rules

In addition to the provisions in the S Group's customer-owner system rules regarding the termination of customer-owner benefits, Bonus accrual will cease if the cooperation agreement between the regional cooperative and A-Katsastus Oy is terminated.

In cases of misuse, A-Katsastus Oy reserves the right not to pay the Bonus or to reclaim a Bonus that has already been paid.
